

IS HAVING AN **OPEN HOUSE**

where we'll be having demos on
laser seam sensing, Open route welding
and many other of the latest
welding technologies.

SEE. LEARN. DISCUSS. SOLVE.

THE LATEST IN WELDING AUTOMATION.

Laser Seam Sensing
*Find the joint.
Adjust the path.
Weld the part.*

**SEPTEMBER
22 & 23, 2026**

1400 Blausen Dr.
Tipp City, OH 45371

Join us for two days of
live demonstrations, expert
discussions and a closer look at
how OTC welding solutions can
help you improve quality, increase
productivity and solve your toughest
welding challenges.

DEMONSTRATIONS WILL INCLUDE:

- **Laser Seam Sensing**
*Finds the joint and adjusts the weld path — even if
fixtures, parts or people aren't perfect.*
- **Open Route Pipe Welding**
- **Robotic TIG Welding**
(Stainless Steel Pipes, Schedule 40)
- **3D Robotic Plasma Cutting**
(with Offline Programming)
- **Laser Welding**
- **Industrial Robots**
- **Industrial Lasers**
- **Part Sensing Through to Arc**
- **Laser Touch Sensing**

Open Route Pipe Welding
